The Journey - Transfer from Kuching to Annah Rais Longhouse will take approximately 1 ½ hour. The journey will pass through the beautiful limestone formation scenic view, as well as the countryside view, mountain range, palm oil estate, paddy field & etc. Enjoy the beautiful scenery along the way.

Check In – Check-in to your guestroom in the longhouse, change to your light clothing & get ready for the jungle activities. Please be prepared to get wet in the jungle, as you will be passing through some clear & cool water streams.

Jungle Trekking - Start off with trekking on another trail in the tropical rainforest to see different flora & fauna. Although this jungle trekking is a short one, there are many you can see along the trail. With our local guide’s explanation about the things you see along the trail, you will start to understand about our surrounding jungle & how we use the natural jungle resources to compliment our daily needs.

Stream with Crystal-clear Cold Running Water - Before you reach the stream, you will find a canteen by the road side just opposite the junction. Walking less than 2 minutes from the junction, you will reach to a small stream with crystal clear running water, where located right in the middle of the jungle. The water flow slowly from the mountain right into this stream, you will just love to soak yourself in the stream to cool off yourself after the trek through the rainforest.

Soaking in the Hot Spring - Right beside the cold water stream, you will find the natural hot spring with bubbles coming up from the floor. Feel the calm of the jungle while soaking in the hot spring, you will soon to find out how wonderful it is for such a natural “Jungle Spa”.

BBQ Picnic Luncheon - Soon after, the fire has been set up to start to BBQ luncheon picnic with the foods that are brought along. Join in the fun to prepare your mid-day meal.

Afternoon Break - After the lunch, sit back & relax by the stream or under the hut built by the riverbank to enjoy the beautiful scenery of the mountain and the beauty of the natures, while chit-chatting over a sip of our local rice wine. If you just can’t help yourself to soak again at the hot spring, just go ahead & soak it for the last time ever, before we set back for another activity.

Net Fishing – Soon after your lunch, you will be given with fishing net. Your guide will teach you on how to do it. For your information, your guide will be handling another type of net also purposely used for this kind of net fishing. Try to catch as many as possible & when the fire has been set up, we will start to BBQ luncheon picnic with your catches (if you catch any), as well as the foods that we have brought along. You also can prefer to bring back your catch and seek assistant from your host to cook it for you.

Back to the Longhouse – At the end of your activity, your guide will then lead your way back to the longhouse. We know you are tired & exhausted by now, but at least trek for the one last time. Before you know it, you will find yourself already in the longhouse. Take a fresh water shower, clean up yourself & get ready for the dinner. Any spare time in between can be filled with interesting in-house activities. Exploring the longhouse & the village are most recommended as you may have something you missed or attracted a lot during your guided longhouse tour, visit to other families in the longhouse to learn more about the local lifestyle here. To be frank, you will never have enough time to get yourself bored during your stay with us.
